COLOR

| | | |
|-----------------|---------|---|
| PRIMARY COLOR | #8C0CE8 |  |
| SECONDARY COLOR | #FFFFFF |  |
| LINK COLOR | #808080 |  |
| TEXT COLOR | #FFFFFF |  |
| TEXT COLOR | #080808 |  |

FONTS

The fonts are from google fonts. To preload the connection to google fonts we will need to copy those links tags: `<link rel="preconnect" href="https://fonts.googleapis.com">` `<link rel="preconnect" href="https://fonts.gstatic.com" crossorigin>`

- 🌀 h1 TAG:
Font name: Rubik Distressed
Specifications: Regular 400.
Header link: `<link href="https://fonts.googleapis.com/css2?family=Rubik+Distressed&display=swap" rel="stylesheet">`
CSS: `font-family: 'Rubik Distressed', cursive;`
- 🌀 h2 TAG:
Font name: Alex Brush
Specifications: Regular 400
Header link: `<link href="https://fonts.googleapis.com/css2?family=Alex+Brush&display=swap" rel="stylesheet">`
CSS: `font-family: Alex Brush, Courier;`
- 🌀 h5 TAG:
Font name: Black Ops One
Specifications: Regular 400
Header link: `<link href="https://fonts.googleapis.com/css2?family=Black+Ops+One&display=swap" rel="stylesheet">`
CSS: `font-family: 'Black Ops One', cursive;`

COMPONENTS

All the components are going to be adaptative to different screen devices.

ICON

The webpage icon will be the shield of Valladolid.

HEADER

The header tag from the main page will have two components but in the secondary pages will have only one component.

Main Page

This page will have two components, which are:

- 🌀 Navbar: In it will appear the icon from the webpage align to the left of the page, in a h1 tag will appear the name of the city (Valladolid) and to continue the links to the Population, services, monuments and contact pages. It will be followed by a horizontal line done with an hr tag.
- 🌀 Carrousel: It will have only three different slides and will be adaptable to another type of device screens.

Secondary Pages

The secondary pages will have only the Navbar component.

- 🌀 Navbar: In it will appear the icon from the webpage align to the left of the page, in a h1 tag will appear the name of the page and to continue the links to the Population, services, monuments and contact pages. It will be followed by a horizontal line done with an hr tag.

Buttons

There are going to be two kinds of different buttons.

- 🌀 Small: Those will have two different styles changing the background and text colour.

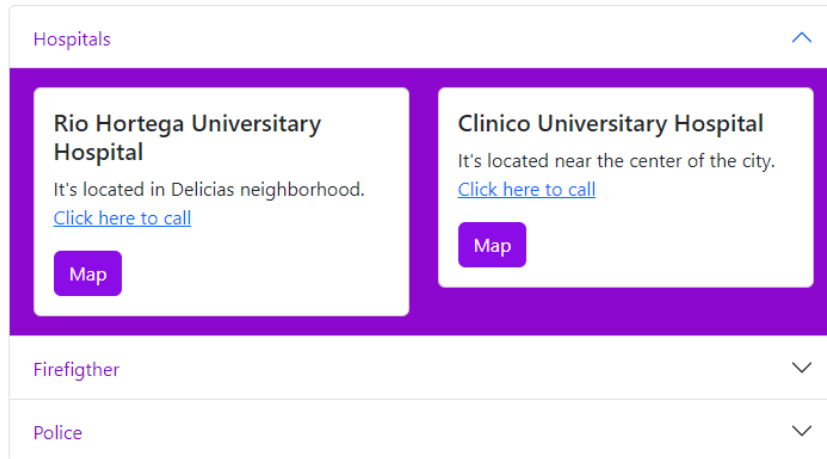

- 🌀 Big: This is larger than the previous ones, but in terms of styles it is the same.

Accordion

This are going to be the style of the accordion it will have text colour in primary colour and the background in the secondary colour but inside of the elements it is going to change. Inside of the element we are going to introduce cards, a link, and a button with a collspan map.

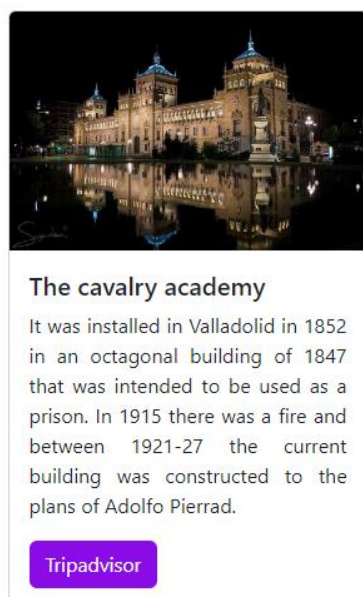

Tables

The tables style will be like in the image.

| Information | Phone | Description |
|--------------------------|-------|----------------------------------|
| Emergencies | 112 | All kind of emergencies |
| Police | 091 | To contact with the police |
| Citizen attention | 060 | To resolve questions to citizens |

Cards

Those elements are ging to present two different styles, like with the buttons we are going to change the background colour and the text colour.

And we are going to have another type of cards, that are going to be pictures.
